

University of North Carolina at Greensboro  
Genetic Counseling Program

Rotation Goals Sheet

Please use the following sheet during the first week of each rotation to create a list of at least five rotation objectives. Please see the list of *“Clinical Rotations- Performance Level Descriptions”* provided to you for guidance if needed. The student and supervisor can work together to create a mutually agreed upon list that builds on student’s prior rotations. The student should turn this in to the program Assistant Director at the end of the first week of each new rotation.
